## The Republican Oath

**I believe** that the proper function of government is to do for the people those things that have to be done but cannot be done, or cannot be done as well by individuals, and that the most effective government is government closest to the people.

**I believe** that free enterprise and the encouragement of individual initiative and incentive have given this nation an economic system second to none.

**I believe** that sound money policy should be our goal.

**I believe** we must retain those principles worth retaining, yet always be receptive to new ideas with an outlook broad enough to accommodate thoughtful change and varying points of view.

**I believe** that Americans value and should preserve their feelings of national strength and pride, and at the same time share with people everywhere a desire for peace and freedom and the extension of human rights throughout the world.

Finally, **I believe** that the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.

## OUR PURPOSE

Marion County Republican Committee exists to build the Republican Party through voter awareness at the grassroots level, to recruit and assist Republican candidates on a community, state and national level.
